

WESSEX ANAESTHETISTS IN TRAINING

Annual Scientific Meeting

Norton Park Spa Hotel, Near Winchester
19th October 2012

Programme

- 08:00 - 08:15** Arrival, Registration & Refreshments
- 08:15 - 08:20** Welcome & Introduction
- 08:20 - 09:05** “NCEPOD - Cardiac arrest procedures”
Dr. George Findlay
- 09:05 - 09:50** “Use of simulation in helping to develop anaesthetic expertise”
Prof. Bryn Baxendale
- 09:50 - 10:35** “The future of enhanced recovery anaesthesia”
Dr. Matthew Dickinson
- 10:35 - 10:50** Tea & Coffee, Poster Judging
- 10:50 - 11:35** “NCEPOD - Knowing the risk”
Dr. George Findlay
- 11:35 - 12:25** Update on the management of the bleeding patient
- “Military approach to major haemorrhage”
Dr. Nick Tarmey
- “Trauma haemorrhage - Changing strategies in blood transfusion and priorities for research”
Mr. Ross Davenport

- 12:25 - 13:25** Lunch & Poster Judging
- 13:25 - 14:15** Trainee presentations
- 14:15 - 14:50** “Experience of anaesthetists in public places”
Dr. Sue Smith
- 14:50 - 15:05** Trainee update
Dr. Helen Peet & Dr. Ian Mettam
- 15:05 - 15:20** Tea & Coffee
- 15:20 - 16:05** “Bariatric anaesthesia”
Dr. James Holding
- 16:05 - 16:50** “Pre-hospital medicine : A new medical sub-specialty”
Dr. Simon Hughes
(This talk has been changed due to sickness, thank you to Dr Hughes for stepping in at the last minute)
- 16:50 - 17:25** “Suman Biswas from Amateur Transplants”
Dr. Suman Biswas
- 17:25 - 17:40** Trainee Prizes, Certificates & Close

Trainee Oral Presentations

- 1. Nurse Led Pre-assessment of Elective Orthopaedic Patients in a District General Hospital**
Doug Stangoe & Gayatri Daniel
- 2. An Audit of Acute Kidney Injury in Patients Undergoing Primary Arthroplasty on an Enhanced Recovery Programme**
Edward Keevil, Helen Bromhead, Sonia Rushby & Jessica Earley
- 3. Audit of Recognition and Initial Management of Adult Inpatients developing signs of sepsis**
Alastair Proud, Gayatri Daniel, Richard Partridge, Patrick Creagh-Barry, Patrick Tapley
- 4. The Spectrum Of Malignant Hyperthermia: Suxamethonium-induced rhabdomyolysis without masseter spasm**
Adrian Wong, Anamika Sehgal, Piers Wilson
- 5. Renal dysfunction and length of stay following elective orthopaedic surgery**
Tom Green

Judges Dr Paul Spargo (Southampton)
 Dr Mark Pulletz (Dorchester)
 Dr Jonathan Harrison (Portsmouth)

Speakers

Dr George Findlay FRCA FICM

Dr Findlay trained as a medical student at Dundee University and after qualification entered the RAF as a medical officer. Dr Findlay is now a consultant in intensive care medicine and divisional director at Cardiff and Vale University Health Board. In addition Dr Findlay leads the National Confidential Enquiry into Patient Outcome and Death (NCEPOD), recent work includes analysis of patients who had an in hospital cardiac arrest focusing on events leading up to it. Other interests include organ donation and transplantation.

Dr Matt Dickinson BSc (Hons) MBBS FRCA FFICM

Dr Dickinson trained in anaesthesia at St Bartholomew's & The Royal London Hospitals and the Wessex region. He undertook further specialist training at the Royal Prince Alfred Hospital, Sydney, in anaesthesia for upper GI surgery and liver transplantation. He is now a consultant anaesthetist at the Royal Surrey County Hospital, Guildford. His interests are anaesthesia for oesophagogastric and hepatobiliary surgery and the development of enhanced recovery programmes. He sits on the NHS Enhanced Recovery Partnership's National Task and Finish group. He has been instrumental in developing the successful enhanced recovery programmes for oesophagogastric resection and liver surgery at the Royal Surrey County Hospital, and is clinical supervisor to MD and clinical research fellows.

Dr James Holding FRCA

Dr Holding is a consultant anaesthetist and college tutor at University College London Hospital. He is a bariatric anaesthetist and is the anaesthetic representative on the NCEPOD Bariatric Surgery Study expert panel. He is clinical lead for preassessment, and has an interest in the use of cardiopulmonary exercise testing in enhanced recovery programmes. He has an involvement in medical education from undergraduate level through to continuing professional development for consultant revalidation, and has helped to develop and deliver whole theatre team WHO checklist simulation training at UCLH.

Prof Bryn Baxendale FRCA FAcadMedEd

Consultant Anaesthetist at Nottingham University Hospitals and Director of Trent Simulation & Clinical Skills Centre. Honorary Professor in Clinical Simulation at School of Psychology, University of Nottingham. Education Tutor for Simulation and Human Factors at Royal College of Surgeons of England. Member of the Simulation Working Group, Royal College of Anaesthetists and President at Association for Simulated Practice in Healthcare.

Major Nick Tarmey FRCA DipIMC RCS(Ed) DICM RAMC

Nick is a final year specialty registrar in anaesthetics and intensive care medicine for the Royal Army Medical Corps. He first served overseas in Iraq in 2003 with 16 Air Assault Brigade, before starting his training in anaesthetics in the Wessex region. More recently, he deployed to Afghanistan in 2010, where he served as an anaesthetist in the field hospital in Camp Bastion and with the helicopter-based Medical Emergency Response Team. Nick is now completing his final year of training in intensive care medicine, having recently returned from a year's fellowship in trauma anaesthesia at Shock Trauma Center, Baltimore USA.

Mr Ross Davenport MBBS BSc (Hons) MRCS PhD

Ross is a specialist registrar in trauma & vascular surgery and a clinical lecturer of trauma sciences in London with a specialist interest in trauma surgery, injury prevention and early post traumatic coagulopathy. In 2011 he completed a PhD in trauma sciences at the Royal London Hospital and Queen Mary University of London specifically looking at novel diagnostics and management of acute traumatic coagulopathy. He has worked in pre-hospital care with the London, East Anglia and Essex & Hertfordshire Helicopter Emergency Medicine Services.

Dr Sue Smith BSc FRCA FRCP ILT

Qualified from Guys and underwent training in medicine and anaesthesia in London, America, Reading, Alder Hey and Oxford. Consultant in anaesthesia and critical care in Cheltenham since 1990 with interests in teaching & training, event organisation and care of elite athletes. Author of "*Drugs In Anaesthesia and Intensive Care*" Smith, Scarth & Sasada 4th ed. Senior Medical Officer British Horse Racing responsible for all medical services for Cheltenham including the festival. Officiate at Uttoxeter, Worcester & Wolverhampton as well as Point to Points. Field of Play Medical Team Leader for Olympics & Paralympics at Lee Valley, Hadleigh Farm & Greenwich Park.

Dr Suman Biswas BSc (Hons) FRCA

Suman was half of the musical duo Amateur Transplants, responsible for such classics as "The Anaesthetists Hymn", "Paracetamoxylfrusebendroneomycin" and the infamous "London Underground Song". He is also an anaesthetist on the North-West Thames rotation and recently became a father.

WAIT Committee 2012

Dr Beena Parker
Dr Narmatha Thiagarajan
Dr Hannah Tuckwell
Dr Nicki Bosley
Dr Timothy Hanham
